Statement of Grounds for a Variance

Provide the information below. You may respond on the form below or on separate sheets.

Describe your variance request. Cite what code standard are you requesting a variance from.
Grounds for variance: Describe why you feel each of the following criteria for a variance is met. Include evidence, drawings, or other information to substantiate your case. Visit https://propertyrights.utah.gov/find-the-law/legal-topics/variances/ for assistance.
<i>Literal enforcement of the land use ordinance would cause an unreasonable hardship for the applicant that is not necessary to carry out the general purpose of the ordinance.</i>
<i>There are special circumstances attached to the property that do not generally apply to other properties in the same district.</i>
<i>Granting the variance is essential to the enjoyment of a substantial property right possessed by other property in the same zone.</i>
<i>The variance will not substantially affect the general plan and will not be contrary to the public interest.</i>
<i>The spirit of the zoning ordinance is observed and substantial justice is done.</i>
